

COMMEMORATIVE COIN

Astronaut Mark Vande Hei has been on the International Space Station since September 12 with a commemorative coin minted with the St. Bartholomew School logo and mission statement. We received a Merry Christmas wish from Space along with a photo of our coin on the ISS with the Earth in the background.

Our students are part of this historic event as Astronaut Mark leaves our coin in the Space Station. There are still some commemorative coins available for purchase for the price of \$20.00 each. The proceeds will benefit our STREAM program (science, technology, religion, engineering, art and math inquiry learning).

Coins will be distributed on a first come, first served basis.
